# BULLYING PREVENTION THROUGH EMPATHY BUILDING: GETTING STUDENTS TO CARE

Join us for an insightful session on the relationship between empathy and healthy peer dynamics.

This training will cover:

- Nationally representative research at the intersections of empathy, bullying, and cyberbullying
- How society and culture relate to levels of empathy among youth
- How technology and social media affect student empathy
- Challenges that come up when building empathy among teens
- Simple empathy-building activities and projects for students
- How intentionally fostering empathy can reduce peer aggression and increase bystander interventions
