POST-EVENT SURVEY RESPONSE OUTCOMES

CORE

SATISFICATION

When asked to indicate level of satisfaction with the quality of the event attended, **92.8%** responded that they were 'very satisfied' or 'satisfied'. Of those who expressed dissatisfaction, answers to supplemental open response questions about what could have been better revealed frustration with technology and a desire for access to the supporting materials.

PROFESSIONAL BENEFIT

When asked to indicate the extent to which they agreed that the learning event would benefit their professional development and/or practice, **92.2%** agreed or strongly agreed.

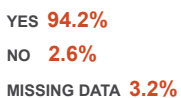

EXPECTATION OF UTILITY

When asked if there was an expectation to use the information gained from the event, **87.1%** agreed or strongly agreed.

RECOMMEND TO OTHERS

The vast majority of respondents (**94.2%**) would recommend this event to a colleague.

SMH

SATISFICATION

When asked to indicate level of satisfaction with the quality of the event attended, **94.1%** responded that they were 'very satisfied' or 'satisfied'. Of those who expressed dissatisfaction, answers to supplemental open response questions about what could have been better revealed frustration with technology and a desire for access to the supporting materials.
