Our Mission

The South Southwest MHTTC (SSW-MHTTC) serves U.S. Department of Health and Human Services Region 6, including Arkansas, Louisiana, New Mexico, Oklahoma, and Texas. Our population of focus is mental health clinicians, supervisors, and program managers serving individuals with or at risk of serious emotional disturbances (SED) or severe mental illness (SMI); peer support providers; community mental health, health, or peer-run organizations; and single state agency administrators focused on comprehensive state public mental health systems.

Event Outcomes: Highlights

SOUTHWEST FIRST EPISODE PSYCHOSIS CONFERENCE 2020

976 attendees

98.3%

of participants strongly agreed or agreed that the event met professional development needs.

43

States or territories

"I am still talking and thinking about the conference! For it to be totally virtual, I thought it was awesome. I have attended many conferences over the course of my career and by far, this was one of the absolute best! I have shared information with colleagues and took great notes so I have plenty of info to help me keep what I've learned fresh in my mind, as it is so valuable."

SAFETY PLANNING TRAIN-THE-TRAINER

119 participants

95.6%

were very satisfied or satisfied with the training

96.7%

strongly agreed or agreed that the training would benefit their practice

100%

would recommend the training to others.

"This has had a positive impact on not only the patients as they now have some sense of security and are more confident in their discharge plan, but also in the social workers' capabilities in addressing patients' needs."

ETHICS: BUILDING A SOLID FOUNDATION FOR PEER WORKERS

300 participants

88.6%

Post-event survey: strongly agreed or agreed the training to benefit their development or practice.

83.0%

Follow up surveys strongly agreed or agreed that they expect to continue using information from the event in.

"The ongoing dialogue around ethics within the peer field is always valuable considering so much of it has been evolving in recent years. Lots of potential scenarios to consider and work out solutions to."
