OUR TEAM

Yale Program for Recovery
and Community Health

in partnership with

C4 Innovations,
Harvard University
Department of Psychiatry,
and
Center for Educational
Improvement

The background of the slide features a scenic coastal view. On the left, a lighthouse with a red and white striped tower and a red lantern room stands on a grassy hill. To its right is a large, two-story white house with a red roof and several windows. The ocean is visible in the distance under a clear blue sky.

New England MHTTC

Mission

To use evidence-based means to disseminate evidence-based practices across the New England region.

Area of Focus

Recovery-Oriented Practices, including Recovery Support Services, within the Context of Recovery-Oriented Systems of Care.

Ensuring Inclusion

To ensure the responsiveness of our work, we will actively develop and maintain a network of government officials, policy makers, system leaders, administrators, community stakeholders, providers, researchers, youth and adults, and family members from each of the six states to guide the New England MHTTC's activities.

Resilience & Recovery

Resilience and recovery are based on respect.

Resilience and recovery emerge from hope.

Resilience and recovery are family- and person-driven.

Resilience and recovery occur via many pathways.

Resilience and recovery are community- based and promoted through collaboration.

Resilience and recovery are holistic.

Resilience and recovery are supported by peers and allies.

Resilience and recovery are supported through relationships and social networks.

Resilience and recovery are culturally-based and influenced.

Resilience and recovery are supported by addressing trauma.

Resilience and recovery involve individual, family, and community strengths and responsibility.
