## Suicide Risk Assessment Training

The Southeast MHTTC, in partnership with Georgia HOPE, is pleased to offer a Suicide Risk Assessment Training on **Monday, July 29, 2019 from 8:30 AM to 12:30 PM** at the **Mississippi State Hospital, in The James C Stubbs Conference Center:**

3550 Highway 468 West  
Whitfield, Mississippi 39193

Suicide Risk Assessment is an interactive training targeted towards Master's level and licensed mental health clinicians who provide counseling and/or assessment in a variety of settings. The training will highlight the importance of suicide risk assessment and demonstrate ways clinicians can recognize, assess, and intervene when working with at-risk clients. After completing the training, participants should be able to

1. Implement the components of effective suicide risk assessment,
2. Discuss the elements of suicide risk assessment that have been determined to be "best practice,"
3. Discuss key elements in completing an effective crisis and safety response plan, and
4. Identify appropriate agency, professional, clinical, and social resources to engage during a crisis or risk assessment.
