

# Resource: School Mental Health Learning Collaborative

<http://bit.ly/SMHCollaborative>

## WHAT TO EXPECT

Led by the Mid-America Mental Health Technology Transfer Center (MHTTC) and the National Center for School Mental Health, the **2019 School Mental Health Learning Collaborative** brought together state and district leaders across Nebraska, Iowa, Missouri and Kansas to attend live webinars built around the National School Mental Health Curriculum.

Participants exchanged resources, tools, templates and other materials within the Learning Collaborative to promote shared learning.

***Now, you can follow along and learn, too!***

Visit the link above to learn more.

## OBJECTIVES

Provide an overview of MHTTC school mental health activities, opportunities for consultation, training, on-site/virtual learning, and landscape analysis

Provide an overview and train states and districts in the foundational principles and strategies of CSMHSs based on a national curriculum aligned with national performance standards

Increase knowledge and awareness related to advancing high quality, sustainable school mental health

Promote regional and cross-state networking and shared learning about best practices, successes and challenges of CSMHS implementation, including policy strategies to advance CSMHS (e.g., inclusion in state and local school safety planning and/or ESSA plans)

Equip MHTTC state teams with tools and strategies to engage states and districts in ongoing CSMHS quality improvement

Mid-America (HHS Region 7)
