

# COMING HOME to PRIMARY CARE

*Pediatric Integrated Health*

## Considerations in Maintaining Equity on Our Path to Pediatric Primary Care

12-1 p.m. CT Friday, Oct. 30, 2020

This session will cover considerations associated with racial equity in primary care settings. It is important to ensure that efforts are made to increase access to behavioral health services in primary care clinics. Speakers will identify ways to improve, enhance, and maintain an equitable integrated care practice.

### Learning Objectives:

- Describe racial equity considerations in integrated care
- Identify resources to achieve health equity in primary care
- Describe evidence-based strategies utilized by the health care team for efforts associated with reducing disparities

### Target Audience:

Behavioral health providers (psychologists, masters level counselors, social workers etc.), primary care providers (physicians, NPs, PAs) and Nurses (RNs).
