Description

Please join the Southeast Mental Health Technology Transfer Center (Southeast MHTTC) and the Georgia Mental Health Consumer Network (GMHCN) as we continue an exploration of race and recovery in the Peer Support workforce on **November 17, 2020 at 2:30 PM (ET)**. Certified Peer Specialists have a unique and comprehensive perspective of our recovery communities, not only providing but also receiving support in diverse settings that frequently reflect the values, beliefs, and practices of the communities where we live and work. In this discussion, we will explore some of the findings from our recent listening session and discuss steps we need to take to improve recovery and wellness outcomes in communities in the Southeast. This is an on-going dialogue series hosted each month.
