

## Community Engagement Resources

Compiled by SAMHSA’s Technology Transfer Centers, this list includes resources developed by the TTCs and other reputable organizations, and is sorted alphabetically by title within the following categories: Community Engagement Strategies, Cultural Competency, Health Equity, Population-Specific Interventions, and Research Supporting Community Engagement.

For additional information, please visit our colleagues at the [National Network to Eliminate Disparities in Behavioral Health \(NNED\)](#), and their [NNEDshare](#) - a collaborative space to share resources and intervention efforts to improve the delivery of behavioral health care interventions in diverse populations, learn about resources and innovative community efforts across the country, and connect with others to learn from their efforts. The resource library database on NNEDshare is searchable by keyword, category, and tags.
