

Rules Within Routines Matrix

A small number (i.e., 3-5) of positively stated rules can be used to tell students what we want them to do instead of than telling them what not to do. A rules within routines matrix can help you operationally define rules for your students across activities and throughout the day. Both a sample and a blank matrix are provided for you.

Fill in rules vertically

Fill in routines horizontally

Classroom Rules	Classroom Procedures and Routines				
	Arrival	Whole Group			
Be Respectful	-Enter prepared -Inside voice	-Eyes on speaker -Raise hand			

Classroom Rules	Classroom Procedures and Routines
