Join the Southeast MHTTC on Oct. 19, 2021 at 12 EST for a presentation by Pierluigi Mancini, PhD, entitled "Addressing Immigrant's Culture, Language, Diversity and Inclusion: A strategy to provide access and eliminate health disparities in mental health." Over the past couple of years a lot has been said about immigrants, refugees and those persons seeking asylum in the United States. But very little has been shared about the behavioral health needs of this population who is arriving in the United States during the most polarized political period in recent history. This presentation will address the Immigrant's Culture, Language, Diversity and Inclusion and present strategies to provide access and eliminate health disparities in mental health services.
