Leading Our School Systems & Communities Through and After Wildfire

together

The Northwest MHTTC and the Pacific Southwest MHTTC collaborated in September of 2020 in the midst of unprecedented wildfires on the West Coast to provide a special virtual town hall on school mental health leadership in times of wildfire.

Six principals, superintendents, county and state office of education leaders from Washington State, California, and Oregon who have experienced wildfire in the past and present offered reflections, lessons learned, and shared their stories so we could learn from and with them in this moment of need.

This document provides a complete list of resources, materials, and helpful links shared - and more!

SERIES INFORMATION & MATERIALS
