## Define empathy

23 responses

```
ability understand others
                               deep understanding
                          compassion
                                sensitive
                                                willingness
                                 presence
working to understand
                                   caring
                                                 non judgmental
                                 connecting
                                                        consideration
                             i feel you listening
                                                     agree
      listening and hearing
                                 sharing of feelings
                                           listen with care
                          understanding
                                              feeling as one
                       tender-heartedness
                   caring without judgement
```
